

OUR APPROACH

Rules first. Data always. Learning every day.

Every NXW index and strategy has a published methodology, applied the same way every day. Our analytics run on cloud platforms with clean, point-in-time data, and our books and courses explain the theory and the practice behind them.

IN PARTNERSHIP WITH

IFRC — Intelligent Financial Research & Consulting

NXW is part of the CCPX ecosystem that brings research, investment and market strategies together on cloud platforms.

SMART TECHNOLOGY · INNOVATIVE
INVESTMENT

**Data, indexes and research
for investors in Vietnam,
Asia and global markets**

ABOUT NXW

Next Wealth

NXW builds data, indexes and tools that help investors understand markets and invest with discipline.

MISSION

Make professional-grade data, indexes and analytics accessible to investors in Vietnam and Asia.

VISION

A connected platform where research, investment and education share the same data and the same rules.

VALUES

Transparency · Rules before opinions · Low cost · Continuous learning

FOUNDER

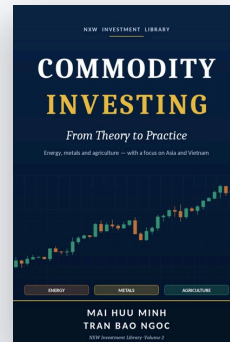

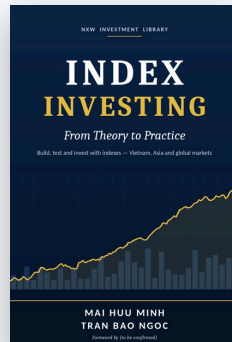

MAI Huu Minh

Founder of NXW, designer of the NXW index family and lead author of the NXW Investment Library.
